

ONE SHEET

On Thursday, May 17th, 2012 through Saturday, May 19th, 2012, - THE FILManthropy SOCIETY presents another premiere fundraising event, the third annual FILManthropy Festival - "Open Your Eyes". This unique event is a canvas for instigating and inspiring change by showcasing films that inspire, educate, raise awareness and motivate, so that audiences may open their minds and their hearts to creating a better world.

Filmmakers selected to participate in this pioneering event vie for "The Torch Awards," along with prizes, and the opportunity to support their favorite charity. Charities supported by these selected filmmakers are encouraged to set up information tables during the film festival and at the evening awards celebration. One hundred percent of the Event's net proceeds will be distributed to charities supported by the Torch Award winners as follows: 45% to the charity supported by the Torch Award winner for Best Feature Film, 45% to the charity supported by the Torch Award winner for Best Short Film, and 10% to the charity supported by the Torch Award winner for Audience Favorite Film.

Films will be presented at Bergamot Station in Santa Monica, followed by an evening award celebration featuring dinner, entertainment, and a silent auction. The Festival will present its "2012 FILManthropist of the Year" award, honoring a high-profile philanthropist who is equally as involved in the entertainment industry.
